

In a Christian culture that is so heavily saturated with dispensationalism and premillennialism escatology, the focus upon the natural nation of Israel has never been greater. However, in this message from Elder Joe Nettles we find that many of those Old Testament prophecies that foretell of a future reuniting and gathering together of Israel back to her land are not end times prophecies, but are rather actually affirmed by the New Testament scriptures as being fulfilled in the early church and in the ministry of Christ. We don't need to look to the other side of the world for the fulfillment of the "gathering of Israel", but we need to look the kingdom of God in the church where Christ is reigning and ruling here today.
